WORK BEGINS ON NH 202 REHABILITATION IN PETERBOROUGH
BETWEEN SOUTHFIELD LANE AND HANCOCK TOWN LINE

The New Hampshire Department of Transportation announces work is expected to begin Friday, November 5, 2004 on the rehabilitation and realignment of a two-mile section of NH Route 202 in Peterborough between Southfield Lane and the Hancock town line.

Initial work this fall will involved tree clearing for the road realignment that will require occasional alternating one-way traffic for the next few weeks. Flaggers will help guide motorists through the work zone.

Weaver Brothers Construction, Inc. of Bow, New Hampshire is the general contractor for the \$6 million project, which has a final completion date of November 2006.
